RELATED EXPERIENCE

Research Associate | Berlin school of Economics and Law 11.2020

Preparation of the dissertation project: Ecological Limits to Growth and Macroeconomic Stability- a Post-Keynesian perspective under the supervision of Prof. Dr. Eckhard Hein.

Teaching Assistant | Berlin Professional School 04.2019-07.2019

Tutor for the course Economic Policies and the role of Trade Unions.

Main topics: the role of trade unions in different macroeconomic paradigms: old orthodoxy (basic neoclassical model), modern orthodoxy (NK, NCM), foundations of heterodoxy (Keynes & Kalecki), modern heterodoxy (PK approach).

Research Assistant | University of Costa Rica 08.2016- 08.2017

Research focused on International Trade and Health Economics. Collaborated in broad literature revision, recollection of empirical data, consolidation of data panels and time series, coding econometric models in STATA.
