Corporate investment and financial strategies under international financial subordination: a mixed-methods study of the determinants of target profit rates in Brazilian non-financial corporations

Master students are supposed to present the motivation, research question(s), research methods and procedure, and also the **preliminary results** of their Master thesis. For the students we will have 15 minutes for the presentation and 15 minutes for the discussion each.

Students have to provide a summary (one page) for the seminar participants, containing their motivation, research question(s) and **main (preliminary) results**. The summary has to be uploaded to Moodle before the presentation, together with a pdf of the presentation slides.

A student discussant will be the first to comment on the presentation (3 minutes). The discussant should receive the one page summary and the powerpoint presentation at least two days in advance of the presentation (as pdfs). These two pdfs also have to be sent to Prof. Hein.

Master students are required **to attend at least 10 meetings** (including their own presentation). Online presentation and participation is possible for those EPOG students who are not in Berlin.

- Deadline for registration of Master thesis: 10 April 2026
- Deadline for submission of the thesis: 24 July 2026
- Deadline for EPOG students: 31 May 2026
