Simulating the contributions of price and non-price competitiveness to German intra- and extra-EMU trade

Master students are supposed to present the motivation, research question(s), research methods and procedure, and also the **preliminary results** of their Master thesis. For the students we will have 15 minutes for the presentation and 15 minutes for the discussion each.

Students should provide a handout (one page) for the seminar participants, summarising their motivation, research question(s) and main (preliminary) results. The handout should be uploaded to moodle, and two hardcopies should be submitted in class to the organiser of the seminar and to their first supervisor.

A student discussant will be the first to comment on the presentation (3 minutes). The discussant should receive the powerpoints at least two days in advance of the presentation.

Master students are required to attend at least six meetings (including their own presentation).

- Deadline for registration for Master thesis: 10 October 2018
- Deadline for submission of the thesis: 23 January 2019
