- The transition process from the centrally planned economy to the free market economy in Poland. Success or failure? (1. Supervisor Hansjörg Herr)

Master International Economics (MIE) students are supposed to present the motivation, research question(s), research procedure and the preliminary results of their Master thesis. For the students we will have 20 minutes for the presentation and 20 minutes for the discussion each. Students should provide a handout (one page) for the seminar participants, summarising their motivation, research question(s) and main (preliminary) results.

MIE students are required to attend at least four meetings (including their own presentation).
