Master students are supposed to present the motivation, research question(s), research methods and procedure, and also the **preliminary results** of their Master thesis. For the students we will have 15 minutes for the presentation and 15 minutes for the discussion each.

Students should provide a handout (one page) for the seminar participants, summarizing their motivation, research question(s) and main (preliminary) results. The handout should be uploaded to Moodle before the presentation. ***A copy should be sent to both supervisors as well.***

A student discussant will be the first to comment on the presentation (3 minutes). The discussant should receive the PowerPoint presentation at least two days in advance of the presentation (as a pdf). The pdf also has to be sent to Prof. Pédussel Wu ***and both supervisors.***
