

Prof. Dr. Eckhard Hein

Master 'International Economics' and 'Economic Policies in the Age of Globalisation (EPoG)'

Workshop 'Post-Keynesian Macroeconomics and Modelling'

Berlin School of Economics and Law, 12 – 13 May 2016

Badensche Str. 50-51, Room B 1.01

Speakers and presentations

- **Daniel Detzer** (Berlin School of Economics and Law): The deleveraging process in debt-led private demand boom economies: analysis within a stock-flow consistent model
- **Dirk Ehnts** (Bard College Berlin): The euro zone crisis: what would John Maynard do?
- **Sebastian Gechert** (Macroeconomic Policy Institute, IMK, Düsseldorf): Heterogeneity of the marginal propensity to consume: evidence from SOEP
- **Eckhard Hein** (Berlin School of Economics and Law): Autonomous government expenditure growth, deficits, debt and distribution in a neo-Kaleckian growth model
- **Hansjörg Herr** (Berlin School of Economics and Law): Framework for a post-Keynesian paradigm
- **Marc Lavoie** (University of Ottawa, University of Paris XIII): Long-run convergence in a neo-Kaleckian open-economy model with autonomous export growth
- **Srinivas Raghavendra** (National University of Ireland, Galway): Effective demand under financialization
- **Claudio Sardonì** (University of Rome, La Sapienza): Sustainability of full employment in the presence of budget deficits
- **Achim Truger** (Berlin School of Economics and Law): Perspectives for expansionary fiscal policies in the EU: Some simple calculations based on fiscal multipliers and endogenous 'potential growth'
- **Rafael Wildauer** (Kingston University): Expenditure cascades or property bubbles? Determinants of household debt in OECD countries
